“I always loved being naked”

SINFUL: Thank you for the interview, How did you get started in the adult industry?
Nina: (laughs)... Oprah! One night I was watching Our America on the Oprah channel and she had a couple from Georgia on that was supporting their family through web camming. Times were tough and I'm not good at being poor, so I did some research, found one of the best cam sites and signed up the next day!

SINFUL: Why select the adult industry over another industry?
Nina: I always loved being naked (my mom had a hard time keeping me from taking my clothes off when I was little!) And I love showing off my body, so it just seemed natural for me to be in this industry.

SINFUL: You’re a popular webcam model, what is it you enjoy most about that?
Nina: What I enjoy the most is the convenience of being able to work my own hours and in the comfort of my own home. I also enjoy interacting with fun and interesting people from all around the world.

SINFUL: I’m sure you get all sorts of fans, what’s the weirdest thing a fan has asked you to do?
Nina: The one I remember the most was so weird I had to hit the record button on my cam corder. He wanted me to use my red lipstick to make hundreds of tiny little dots all over my body. Then get dressed up in a white shirt, mini skirt and high heels and pretend I was a hit man and I was about to kill him. Somehow he managed to get the gun and turned it on me. That's where the red dots come in. They were bullet holes... (laughs) that was crazy! I think I'll load it on to my c4s soon.

SINFUL: Do you ever sit back and watch one of your clips, if so what goes through your mind?
Nina: No. I'm just way to self critical...

SINFUL: For readers who haven't seen your cam, what types of things are they missing out on you doing?
Nina: Omg... so much sloppy and wet fun! Lots of deep throating with gagging and spitting! Anal and if the crowed really gets me hot, I'll put one in my ass and one in my pussy! I have a squirting dong that my fans love because I'll let my highest tipper choose where to cum! I also have a squirting pussy that, depending on how horny I am that day, will squirt multiple times. I've squirt in my eye and mouth a few times.

SINFUL: Is there a possibility we might see you in a movie one day soon?
Nina: I hope so! I'd love to venture into more mainstream acting. I did a commercial last month and it was so much fun!

SINFUL: What type of scene are you looking to start with?
Nina: I am a BIG fan of horror movies and I would love to be in one. Shooting porn is always awesome too! I shot my first Girl/Girl scene for penthouse in August. I was a little scared at first, but everyone was so nice. I quickly got over my anxieties!

SINFUL: If you had the choice to have a scene with any porn star, who would it be?
Nina: Nikki Benz! Everyone always says I look like her, so I think it would be a hot scene.

SINFUL: What were you doing prior to entering the adult industry?
Nina: I was a Dental Assistant and studying to be a Dental Hygienist. It just wasn't for me.

SINFUL: Describe yourself in one sentence?
Nina: I'm a fun loving caring individual.

SINFUL: Best thing about being Nina Elle?
Nina: Having all my Awesome loyal fans!

SINFUL: Worst thing about being Nina Elle?
Nina: The possibility that one day my kids might stumble across my work.

"I would love to have sex outdoors... like the beach. It's a turn on."

SINFUL: What's the best sexual experience you have ever had outside of the cam world?
Nina: Giving head going down the Autobahn in Germany!

SINFUL: What's something you haven't done on cam yet that you are just dying to do?
Nina: I would love to have sex outdoors... like the beach. It's a turn on.

SINFUL: Who is one celebrity that you'd love to do a scene with?
Nina: Robin Thick because he has crazy sex appeal.

SINFUL
FEATUREMODEL

SINFUL: How did you get your start into the porn world?

Kaylee: I got started in the mainstream porn scene about a year ago. Originally I worked as a live web cam model. One day at the close of my broadcast I had received a message from an adult industry agent who asked if I had ever thought about venturing into Porn. The thought had crossed my mind before, but I never considered it seriously. Performing for others had always intrigued me. However I knew that I had to take some serious thought and consideration into whether or not to cross over into the porn world. Eventually I gathered enough courage to support my final decision of entering the adult industry. Roughly about one month after the opportunity was presented to me I found myself nervous as hell on an airplane from California to Miami, Florida. It was there where I shot my porn scenes.

SINFUL: Why porn? Most females think of all different types of careers, but not to fuck on screen?

Kaylee: It's funny… I personally don't look at porn as my career. For me Porn is more of a hobby. Far before I ever was paid to take dick or lick pussy on screen, I participated in sport fucking for free. I realize porn is not a popular career choice among females. I guarantee you though, that many of those girls have at least imagined one time what it would be like to be an adult film star.

SINFUL: What were you doing prior to entering the porn industry?

Kaylee: I have worked in the adult entertainment industry since 2002. When I was 19, I began stripping at local clubs. Later after turning 21, I started traveling to Las Vegas, Nevada for work. It wasn't until 2011 that I made a career change from stripping to becoming a live web cam model. I began filming porn in 2012 meanwhile continuing to web cam full time.

SINFUL: You're about to shoot your first sex scene, what's going through your head?
Kaylee: My very first scene "Hard Labor," was produced by Reality Kings in 2012. The location was in Plantation, Florida. Surprisingly I was very calm before the filming began. I think I was much more nervous on the plane ride into Florida the day before. Engaging in sexual intercourse in front of other people was not new to me. I remember feeling excited and a tad bit anxious more than anything. I couldn't believe that I was about to film a real porno!!! The experience felt surreal.

SINFUL: Is it weird when you sit back and watch one of your adult films?
Kaylee: Weird? Oh jeez, try painful! I cannot watch parts of my own scenes where I am given dialog to recite. I feel that my acting is shamefully terrible! However I have no problem watching myself get railed. I typically do not review my scenes after they have been released.

SINFUL: Which has been your favorite scene you've done?
Kaylee: Back in November of 2012, Adam and Eve Pictures flew an awesome American cast to Brazil. While on location in this lush paradise we shot two incredibly steaming films. Adventures in Eden, was one of them. The movie features a truly sexy cast with scenes filmed on boats, in front of waterfalls and on the beach! My favorite scene that I have ever done was a four girl orgie that featured India Summer, Krissy Lynn, Fabiane Thompson and myself. The scene takes place pool side of an insanely beautiful mansion estate. India got my clit throbbing intensely hard while Krissy fucked my pussy deep with a glass toy. My only regret was that I did not get a chance to taste Fabiane's lovely little soft kitty. She was so sensual and sexy that I found her slightly intimidating!

SINFUL: You do the whole interracial thing, what is it you think about the black on white thing that has become so popular?
Kaylee: Interracial sex has been going on for decades. The adult industry is notorious for pushing boundaries that most of society doesn't see as proper or moral. I feel that once interracial porn was put out onto the plate, people were immediately drawn to it. Naturally humans are curious creatures. Not only is hot sex being performed but it's between two people of different races. A lot of people are not use to seeing this. Its kinds like a train wreck, weather you are into the whole interracial thing or not, you can't help but to watch it! I from a personal stand point do not see interracial sex as being taboo. I like hard cock. Lucky for me, hard cock comes in different colors. I consider myself an equal opportunist pussy lender.

SINFUL: Describe yourself in one sentence?
Kaylee: I am evolving.

SINFUL: Best thing of being Kaylee Brookshire?
Kaylee: The best thing about being Kaylee Brookshire is the fun new adventures and awesome life experiences that I am fortunate enough to participate in. Once I recognized and became comfortable in not only my own skin but my sexuality, my quality and outlook on life changed. I have personally observed that people who are comfortable in their sexuality are far less judgmental and filled with less negativity. The best thing about being me is that I can honestly say that I love my life and all that it is filled with. I don't have any worries or drama. I am extremely fortunate. Who really can this about themselves?

SINFUL: Worst thing about being Kaylee Brookshire?
Kaylee: "Dating a porn star is like eating a noisy bag of chips in church. Everyone looks at you in disgust but deep down inside they want some." – Unknown author.
Negative comment and opinions come with the territory. I'm not at all affected or bothered by people's options of me and especially ones of people who do not know me personally.

SINFUL: What's the best sexual experience you have ever had outside of the film world?
Kaylee: Truly it's hard to pick out one experience from outside the film world and label it "the best." My life is filled with fantastic sex on and off screen. I am a part of what is known as the swing lifestyle. Men and woman who live this Lifestyle are typically open minded, non judgmental sexual individuals. My best sexual experiences have taken place at Lifestyle parties. The people who attend are there to have fun, socialize and fuck. I like being able to talk to people and flirt with a guy/girl even with their significant other by their side with the intentions of being able to get into their pants later. These parties bring a certain dynamic to the sex game that I without a doubt enjoy!

SINFUL: What's your favorite sex position?
Kaylee: Any position where I have a wet pussy in my mouth and a hard dick in my cunt is a favorite sex position of mine.

SINFUL: You got the blue eyes, blonde hair, great ass, amazing breasts, but what's your favorite body part?
Kaylee: My favorite body part is my tiny, cute, tight, pink asshole. I feel very blessed to have such an attractive balloon knot. I have friends who were unhappy with theirs and underwent anal bleaching. I didn't realize until last couple years that pink assholes were in style.

WorldMags.net

SINFUL: What are your turn ons?
Kaylee: My turns are but not limited to… a sense of humor, passion, drive, self motivated, positive mentality, sexy smile, open minded, honesty, loyalty and loves his mom.

SINFUL: What are your turn offs?
Kaylee: My turn offs include but are not limited to… bad breath, rudeness, poor hygiene, low self esteem, laziness, lying and closed mindedness.

SINFUL: How about a tip for our female readers, what would you wear to seduce a man?
Kaylee: The one thing a woman can wear to seduce a man is a sexy flirty smile. Ladies, don't underestimate the power of this! A smile can seduce a man even with your body fully clothed. I do recommend however that once you have lured your prey to a more private place, to go ahead and wear your smile with a pair of naughty stilettos. That is my personal favorite outfit!

SINFUL: Now a tip for the male readers, how does a guy bring up or convince his girl to do anal?
Kaylee: When you bring up the idea of trying anal with your girl, DON'T make a big deal out of it. Once you make a huge deal out of putting your cock into her ass, she will most likely panic. If you stay calm and explain to her that you will be gentle, she will be more open to the idea.

SINFUL: Have you ever made the first move on a guy?
Kaylee: I have never made the first move on a guy. I guess I'm kind of old fashioned. I will however give a guy I am interested in signs that I want him to approach me. I do the eye contact and the little smiles while glancing over towards him. I like a man with confidence. It takes big balls to approach a girl. So when a man says hello or introduces himself first, it's a big turn on to me.

WorldMags.net

SINFUL: What do you have a weakness for?
Kaylee: I have a terrible weakness for sweets! Some of my absolute favorite sweets include cupcakes, ice cream, Reeses Peanut Butter Cups, Girl Scout Cookies and cereal.

SINFUL: What 3 things can't you live without?
Kaylee: When it comes to personal needs I feel that I myself am a simple creature. Three things that I cannot live without are laughter, sunshine and sex.

SINFUL: How do you maintain that amazing body?
Kaylee: Thank you for the compliment! Last February I began a lifestyle transformation. I began eating a clean diet and working out. My weekly workout regimen consists of four weight training days integrated with 3 days of high intensity interval training. I really am enjoying the challenge of pushing my body to new limits. I actually feel most pretty when I'm in the gym sweating from a work out. Let me tell you though it's a tough reality when a girl realizes that she isn't 20 anymore and she can't eat ice cream and cereal all day.

SINFUL: What are the Advantages of being an adult film star?
Kaylee: The number one advantage to being a film star is getting paid to do what I enjoy. How many people can say that? So many people who are employed absolutely HATE their job. Friends vent to me and express how depressed they are at work. Many of them feel trapped in their jobs and don't have a choice but to be there. I couldn't imagine feeling like this every single day! That would drive me insane to mentally put up with that kind of stress. I choose to film porn. I hold the advantage of when I want to work even. Aside from getting paid to perform my hobby I also get paid to travel. Last year I filmed in Brazil. So not only was I paid to have sex but I was paid to have sex in a tropical exotic place. Many people these days don't have employers that even offer paid vacation days or let alone can afford anything more than a DAY-cation. I feel very fortunate to be the position to where I can take advantage of the many things porn has to offer.

FEATURE MODEL

SINFUL: What is the weirdest thing that ever happened to you on set?
Kaylee: I can't say that I have had a weird experience on set. I have had a pretty memorable crazy experience with Prince Yahshua while filming Wicked Pictures, "Getting Schooled" however. Prince man handled me like I had never been before! Literally that man flips and tumbles during his scenes. I'm sure that you can tell by the expressions on my face that I was genuinely surprised during our sex gymnastics. I had no idea what I was in store for when we began shooting our scene. Even the director Jonathan Morgan, expressed in excited disbelief how pleased he was with our tumbling abilities!

SINFUL: For people trying to get into the industry, what advice would you give them?
Kaylee: The best advice that I could offer to someone trying to get started in the industry is this: Before you even search out an agent take some time to consider a few of these facts. Consider that fact that you are indeed being paid to have sex and people will have terrible things to say about it. Ask yourself if you are mentally strong enough to hear the ridicule. Another fact you must consider and think about is that porn is forever! Once you make even one film it will basically be evidence from your past set in stone. Ponder and ask yourself what you want out of life as far as long term plans and goals. If you have this dream of being the next American Idol or becoming a teacher, please remember that your past decisions of filming porn will more than likely demolish your chances of this. I know that we cannot see into the future but attempt to determine if filming porn will have a negative or positive impact on your life in the big picture. You owe it to yourself to make life choices that enhance your well being.

SINFUL: What in store for you in future?
Kaylee: Career wise I plan to continue web camming on Live Jasmin and shooting porn part time. I have yet to buy my own piece of the pie. My goal is to purchase property and build what is called an Earth Ship Home. It is basically a self sustained house. As much as I love to be in the spotlight I enjoy the quiet living that a country home
provides.

SINFUL: What's the best way for fans to contact you?
Kaylee: The best way for fans to contact me would be threw my Twitter account @kaylee_Bxxx or come visit me a Live Jasmin. They can make an account right from this link http://www.livejasmin.com/referral_welcome.php?refererid=p_KayleeBxxx

Banging the Barista

By Jada Charming

Ryan hurried into his Jamms Coffee shop out of the cold New York night. He stamped his feet, and rubbed his hands together to bring heat back into his frostbitten body parts. He would have loved to rub his cock, but that would be inappropriate considering that he was standing in the middle of a coffee shop. He sighed. Willie would just have to warm up on his own.

It was a different atmosphere, contrasting greatly with the morning crowd who was bustling in and out as he headed to work. Ryan was a computer programmer with a financial software company who visited this Jamms Coffee shop almost daily. It was located smack dab in the middle of Wall Street. Ryan's employer provided programs that would prevent fraud and abuse from greedy, ambitious money jockeys. All the major Wall Street firms bought the software, as well as international finance corporations in Tokyo, Chicago, London, Sydney, and Hong Kong. Tonight, they'd hosted a dinner for clients visiting from China. He tensed as he recalled the uncomfortable conversations he'd had with Mr. Wong, CEO of Chiatzou Investments.

"American girls? Big breasts! Chinese girls? Tiny breasts! I love American girls." The small Asian man slapped his thigh, and laughed loudly at his many comparisons between Asian and American women. The poor waitress, a buxom brunette in her mid-twenties, became visibly flustered each time she came over to their table. Ryan had passed on an opportunity to visit an upscale gentleman's club with the group. He'd reached his peak with international diplomacy this evening.

"Welcome to Jamms. May I take your order?" The enthusiastic barista behind the counter stood ready as he waited for Ryan. He was much too perky for a night shift worker. He had to be a theater kid.

Ryan placed his order with much less zeal. "I'll take a decaf latte with two sugars, and a slice of spiced pumpkin bread." After paying, Ryan walked towards an empty table. His feet were killing him.

Being a team player at his job meant dressing up for dinner in business attire from time to time. Tonight, he wore a wool coat, a charcoal grey suit, a red and black tie, a white shirt, and shiny, lace-up shoes. His usual work uniform consisted of a hoodie, sneakers, jeans and a t-shirt. In his opinion, it was one of the perks of being in computer programming. It was a very casual industry.

Banging the Barista

He definitely noticed the looks from the finance guys, who gave him a once over every morning in their power suits. It didn't bother Ryan. He was much more comfortable than they'd ever be behind a desk. At the moment, he really he wanted his sneakers. The discomfort just reinforced the idea that he'd made the perfect career choice, despite having a lower paycheck.

"Decaf latte with two sugars," sang the theater barista. Ryan smirked, and walked up to the counter to get his coffee. Behind him, a beautiful laugh rang out. It made his cock jump. It had to be Nona.

Nona Nichols was his morning barista. She was perfect in every way. Each day, he watched as male customers clamored to get her attention. They flirted endlessly with her, using everything in their arsenal that usually worked on women. But as far as he knew, Nona never dated any customers. If these guys didn't stand a chance, Ryan didn't even need to bother asking her out.

Ryan followed the laughter to a corner table with two plush chairs. Nona sat facing a laptop computer with head phones on. She peered into a screen watching someone. Her fingers twirled around a strand of honey blonde hair as she continued to laugh, and enjoy the conversation. Nona looked up, and noticed Ryan. He smiled and waved. She beckoned him to come have a seat. He couldn't get to the chair fast enough. She held up a finger, signaling that she'd be with him in a few seconds.

Nona spoke into the mic on her ear buds. "Hey, listen, Chucky. I've got to go. I just spotted a friend. Alright, love. Take care." Her New Zealand accent rang clear across the globe. For a second, Ryan was disappointed that she might have interrupted the Auckland beauty Skyping with a boyfriend. But then, he realized that she wouldn't have bothered to end her chat if it was someone that important. His mood instantly improved.

"Ryan, it's so good to see you," she beamed with a smile of pearly whites. "Wow, you look fantastic. I don't think I've ever seen you this dressed up. You look amazing!" Ryan couldn't believe her enthusiastic compliment.

"Well, I had a business dinner, so I got to break out the old power suit," he explained. "I decided to stop in here, and grab a coffee. But, I don't think I've ever seen you here this late. Do you normally come in after your shift?"

Nona told Ryan how she came in this late to connect with friends and family back home using the cafe's free Wi-Fi. She couldn't afford internet at her one bedroom apartment. Soon, Ryan found himself telling Nona about his evening with the horny Chinese business associate, and all the embarrassing things the Asian had said. Nona laughed, and softly touched Ryan's arm and hand during the story. When she leaned in to hear him better, her ample bosom was right in his sightline. The two pillowy mounds pushed up and out of her V-neck t-shirt. It was a very intimate conversation. If he hadn't known better, Ryan would have thought she was flirting with him.

Nona had unique features that, even in a melting pot like New York City, made her stand out. Her hair always attracted attention with its thick, blond waves. Some of her facial features were European with round, blue eyes, and a sharp, tapered nose. But, that's where her contributions from her British mother ended. Nona's skin had a natural golden hue thanks to her Māori father. His native New Zealand genetics also contributed her full lips, huge tits, broad hips, and shapely ass. It was a combination that suited her perfectly, and made Nona the object of many men's affections. And, it was a constant source of boners for the single computer programmer.

She yawned right as Ryan concluded his story. "Oh Ryan, I could listen to you talk all day. You always make me laugh. But, it is getting late, and I think I should head home. I do have a favor to ask." Ryan pulled his thoughts out of her cleavage long enough to listen up.

"Whatever it is, the answer is yes," he quickly responded. Then, he regretted it. Girls who wanted favors from him usually needed help with their computers, or help moving when their very attractive boyfriends proved to be useless in that department. He wasn't a bad looking guy, but Ryan definitely wasn't drowning in pussy like his investor friend Michael. That man had a different girl for every day of the week. They couldn't seem to resists his sculpted muscles and Brad Pitt good looks. Well, there was one girl who'd turned down Mike the Mack. Ryan was looking at her.

"Ryan, could you share a cab with me? I usually ride with Bernard, but he's working extra hours tonight. He has to come up with money for his acting classes." Nona placed her soft palm on top of Ryan's hand, and gave him her signature smile. His dick seemed to melt into a puddle of mush.

"Are you talking about Theater Kid," he asked, cocking his head towards the front counter.

"Who," she responded with a look of utter confusion.

Ryan laughed. "Never mind. Inside joke. Well, I'm ready when you are."

Nona smiled with relief. She packed up and gathered her belongings. After saying good-bye to the night crew, she headed out into the night with Ryan.

Ryan took a big sniff as he walked into Nona's Brooklyn apartment. It smelled like tropical fruit. Girls always had such nice smelling places.

The apartment was on the second floor of an old Brownstone. The neighborhood looked nice, but it still wasn't safe for anyone to be out alone that time of the night, especially a young woman. He had planned on dropping her off, and taking the ride back to his spacious flat not too far from Nona's place. But, she insisted that he come in. It didn't make sense considering she was practically nodding off at Starbucks. He went with it anyway.

Ryan checked out the place, searching for signs of a boyfriend. As he glanced around, he didn't notice anything that stood out as "man property". He smiled. Nona noticed.

"What are you smiling at," she asked.

"Oh, nothing." Ryan continued to walk around the living room. He picked up photos and exotic décor he assumed was from her native home.

Nona appeared from her bedroom. While he had been snooping around, she'd changed out of her jeans and t-shirt. Now, she wore a tank top and short shorts. Nothing was left to the imagination. The top was barely able to contain her tits. The material stretched thin, making her lace bra visible through the fabric. The shorts tugged at her crotch, showing an imprint of two luscious pussy lips. Ryan gulped.

Nona stood facing him with a hand on her hip. "Well, go on then. Take off your coat. Sit down and relax. Would you like something to drink? I've got beer and fresh juice."

"Are you sure? I don't want to impose. You looked pretty tired at Jamms."

"What? Oh, I'm fine now. Must've been tired from sitting down for so long. I've got plenty of energy now." Nona winked. Ryan felt his mouth go dry.

"Alright, I'll have a beer." The programmer took off his suit coat, and sat on Nona's sofa. This whole scenario felt very strange. His mind kept returning to the conversation in the coffee shop. Everything pointed to the obvious—Nona was making a play for him. But, Ryan just couldn't believe it.

Nona returned to the living with two opened beers. She placed them on the coffee table, and started undoing Ryan's tie. "Ryan, I told you to relax. I know you can't be comfortable in this outfit. I have to admit that you look very handsome tonight. But, I much prefer you in your usual clothes. That's how all the guys dress back in New Zealand, you know. There, all better now." She winked again.

Ryan grabbed his beer and chugged. As he drank, he saw Nona watching him out of the corner of his eye. She gently tugged on her tank top, bringing the neckline further down her tits. Two golden mounds popped. He could see the colored rings of her areolas peeking out of her bra. Ryan put down the beer, and sat rigidly with both hands on his thighs. At the moment, they couldn't be trusted. Nona slid over, and placed a hand on his. She pressed a breast into his shoulder.

"God, you seem so tense," she said as she began stroking his thigh. "That dinner with that crazy Asian must have really wound you up. No one likes being around a jerk." Her voice was soothing and sensual. The thick New Zealand accent sounded like a purring kitten to Ryan. He could listen to her talk all day.

Nona kept her gaze directed at Ryan's face while her hand worked its way to his swollen cock. The thick rod pressed against his pants, threatening to burst through the material. He slowly turned his head, and returned Nona's gaze. Now, it was very clear what she wanted. And, Ryan was going to give it to her.

They began to kiss. It was gentle at first. Ryan wanted to tread carefully. But, within a few seconds he'd thrown caution to the wind. He invaded Nona's mouth with his tongue, tasting the slight flavor of beer. She responded with her own probing, pressing her body against his. Her lips were just as soft as he'd imagined.

The barista broke away from the kiss long enough to undo Ryan's pants. He panted with anticipation. Nona got up, and yanked his pants off. While he fumbled with his shirt buttons, she slipped off her tank top, shorts, and undergarments. Before Ryan had reached the last button, Nona was kneeling in front of him. She stroked his cock, and kissed his hairless chest. Ryan didn't have a hard body, but everything was firm and appropriately proportioned.

She began licking the tip of his dick. He sucked in air through his teeth. Slowly, she ran her tongue up and down its length. Ryan reached down and fondled one of her tits. The brown nipple grew hard at his touch. A tiny moan escaped Nona's lips. He took his other hand, and grabbed her ass cheek. He pulled her lower half up so that she was on all fours on the sofa.

Her lips moved down his cock to the base. He could feel the back of her throat with the tip of his swollen member. She sucked hard, causing Ryan to gasp out loud. Nona's head began moving up and down at a steady rhythm. Ryan reached around until he found her slit. It was dripping wet. He slid his fingers between the shaved lips until he found her clit. He rubbed it. Nona moaned loudly.

Nona increased her rhythm as she became more and more excited. Ryan grabbed a handful of her hair with one hand, while the other was busy rubbing her pussy. His hips took over, and began to thrust into her mouth in sync with her head strokes. She ground her clit into his fingers. Within a few seconds, Nona reached her climax. She squeezed Ryan's thigh as the orgasm overtook her body. Her juices covered the programmer's hand. He brought his fingers to his mouth and sucked them, tasting his beloved barista. He thought she tasted sweet.

Ryan closed his eyes, and braced for his own climax. He came hard, shooting several loads into Nona's warm mouth. Nona sucked and sucked until she was sure she'd gotten every last drop out of his cock. She looked up and smiled at her lover. They kissed. She could taste her own cum on his lips. He tasted his.

Nona stood up, and led Ryan into her bedroom. Like the living room, it had an exotic, tropical look. The two fell onto the bed locked in a passionate embrace. Their hands explored each other's bodies.

Ryan took her tits, and sucked each one hard. Her back arched as she gasped. His tongue ran over the nipples, flicking them gently. She squirmed. He let one hand travel back down to her pussy lips. She was sticky with arousal. His fingers found her moist hole. He slipped in two, while his thumb rubbed her little nub. His mouth remained attached to her nipple. She opened her legs wide, thrusting her hips into his fingers. He found her spot, and pounded into her pussy until he felt her convulsing with another climax. Nona lay back and sighed.

His dick was hard again. He stroked the thick staff as his eyes took in the most beautiful girl in the world. Her body was moist with sweat. Her hair sprawled around her head like a glorious lion's mane. The shape of her curves and narrow waist made her look like a 1950's pin up girl. He was shocked she didn't model, but was relieved that only a few men had gotten to see Nona in all her nude glory. He was a lucky guy.

Ryan positioned himself between her legs with his hand still stroking his cock. He opened them wider. Beneath her ass he noticed a wet spot from her juices. He had a sudden urge to taste them. He bent down and licked her pussy. She moaned. His tongue flicked her most sensitive spot until he felt her thighs began to shake. Ryan stopped. He brought his tip to her sweet goodness. He rubbed it, causing her to squirm. He liked teasing her. This time, she got impatient. Nona grabbed his cock, and guided him into her hole. He gasped as the tightness enveloped his member.

The programmer pumped his dick into the barista. She urged him to fuck her harder. He gripped a fistful of comforter, and pounded into her pussy. Nona grabbed Ryan's ass, and held tightly as he thrust his cock into her g-spot. She moaned loudly, calling his name over and over again. Finally, he felt her tight tunnel pulse and contract until the orgasm subsided. Her cum gushed all over his crotch. He felt little quivers as he continued to fuck her. Five pumps later, he was shooting cum inside Nona. He had his own little aftershocks before pulling out.

The two lovers embraced each other, enjoying the smell of sex and sweat that had replaced the fruity scents. Ryan turned and looked at Nona. Feeling his gaze, she turned to look at him. They smiled at each.

Nona said, "Jesus, it's about bloody time you took the hint. I had to practically take your pants off." Nona propped her head up on her hand as she looked teasingly at Ryan.

"I'm sorry. I just thought you were being nice whenever I came in to get my coffee. But, I had no idea that you'd been flirting with me this whole time. I guess the hearts on my cup sleeve should have been a clue."

"Obviously," she responded with a laugh. Ryan thought he felt his cock jump. He loved her laugh.

"Now that I am aware, you should prepare to see a lot of me, mostly naked."

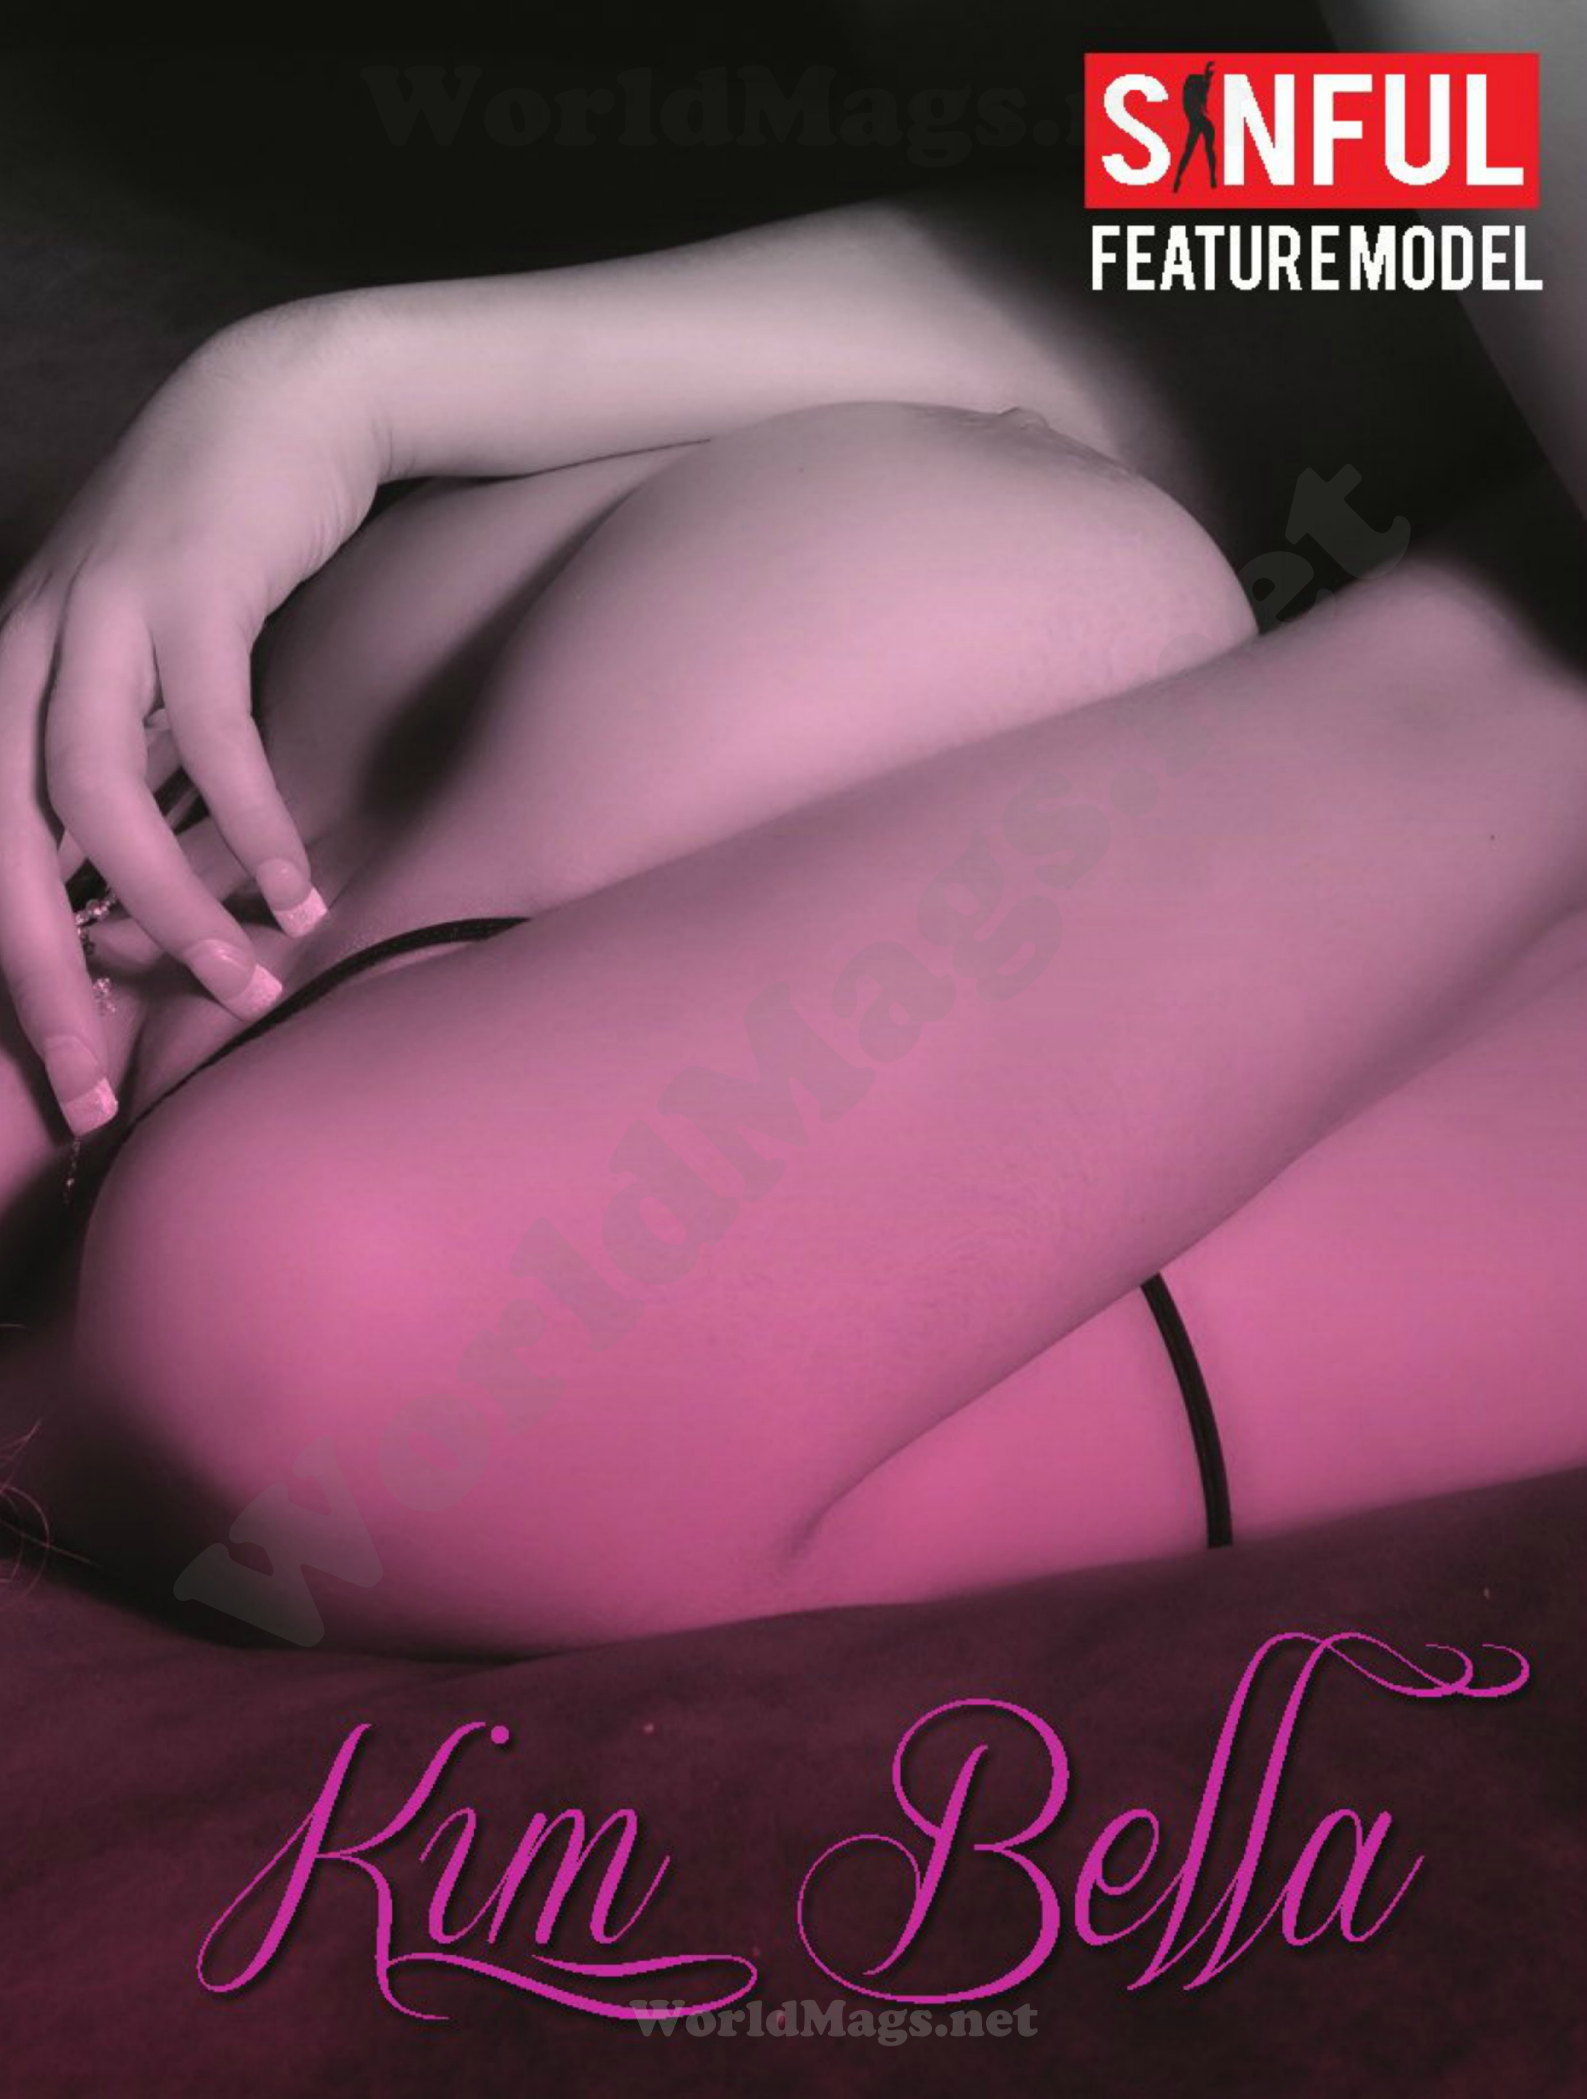

They laughed. Ryan playfully grabbed Nona, and brought his face down to her tits. He nuzzled them while she giggled. He thought about Mike the Mack. Ryan couldn't wait to see his face when the investor found out about his night with Nona. The smug bastard would flip out with jealousy. Suddenly, Ryan felt the need to feed more ammo into his arsenal of bragging. He flipped the beautiful barista over, and pulled her up on all fours.

"You've been a bad girl, Nona. Time for Daddy Ryan to give you a spanking."

Kim Bella

SINFUL: How did you enter the porn world?
Kim: One of my old friends, Adult film star, Ts Jane Marie showed me the way and then I took over!

SINFUL: Looking at you, beautiful face, perfect tits, are people surprised when they find out you're transsexual?
Kim: To be honest many people find out right away, since I'm tall and with large breast and vivacious (laughs), they smell something fishy at least I think, but at times when guys don't know some walk away in disappointment, but some don't mind about my sexuality and like the person that I am and not the sex I was born.

SINFUL: When did you realize that you should have been born physically female?
Kim: When I didn't know any other way to act, all I knew was how to be a female. I walked, talked, ate, did everything like one. When people would tell me I was not one, I would cry every night to bed because I am not a boy! I am a woman inside a not fully developed boys body!

SINFUL: For any readers who still haven't worked out what a transsexual is, can you give them a description?
Kim: I was born as a biological male but have felt like a female since I was a baby. So when I was old enough to start making decisions, I transitioned into the beautiful butterfly I am today.

SINFUL: It's no secret you're set to become one of the hottest transsexuals around, what is it you think that men love about transsexuals?
Kim: In general I think men love transsexuals because we're the best of both worlds! Men sometimes wanna try something different and they do not wanna be with a man, so the next thing close to a female would be a transsexual woman.

SINFUL: So why choose porn and not any other career?
Kim: Well, it's a decision I made being angry at the world for rejecting us (transsexuals) in society! Not giving a place or a part to play in this world. Many people like to talk, so I finally gave them something to talk about!

SMELLY CUNT

A guy is walking past a bus stop and says to a woman, "Can I smell your cunt?"

"Fuck off, no you can't smell my cunt!" the woman yells back at him.

"Oh" he replies, looking slightly confused, "it must be your feet then".

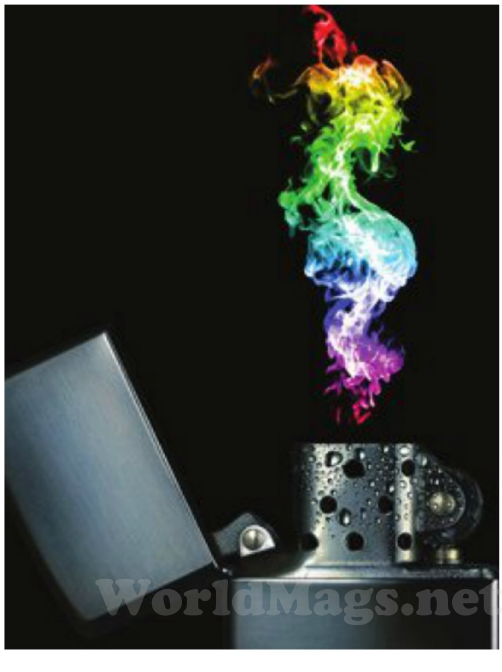

RIGHT METHOD

Two married buddies are out drinking one night when one turns to the other and says, "You know, I don't know what else to do. Whenever I go home after we've been out drinking, I turn the headlights off before I get to the driveway. I shut off the engine and coast into the garage. I take my shoes off before I go into the house, I sneak up the stairs, I get undressed in the bathroom, I ease into bed and my wife STILL wakes up and yells at me for staying out so late!"

His buddy looks at him and says, "Well, you're obviously taking the wrong approach. I screech into the driveway, slam the door, storm up the steps, throw my shoes into the closet, jump into bed, rub my hands on my wife's ass and say, “How about a blowjob?” ... and she's always sound asleep."

10 INCH

Two Men were out fishing when one decides to have a smoke. He asks the other guy if he has a lighter. He replies, "Yes I do!" and hands the other a 10 inch long BIC lighter. Surprised the guy asks, "Where did you get this?" The guy replies, "Oh I have a personal genie." The first man asks, "Can I make a wish?" Sure says the other man, "Just make sure that you speak clearly cause she is a little hard at hearing".

WorldMags.net

"Ok I will" says the other as he rubs the lamp a genie appears and asks the man what he wants. The man says. "I want a Million Bucks". The genie says OK and goes back to her bottle, and 10 seconds later a million ducks fly over head and the guy says to the other "Your genie really sucks at hearing doesnt he?" The other man replies, "I know, do you really think I asked for a 10 inch BIC".

SEXUAL CURIOSITY

A Martian couple and an Earthling couple have met and are talking about all sorts of things. Finally, the subject of sex comes up.

"Just how do you guys do it?" asked the Earthling.

"Pretty much the way you do," responded the Martian.

Discussion ensues and finally the couples decide to swap partners for the night and experience one another. The female Earthling and the male Martian go off to a bedroom where the Martian strips. He's got only a teeny, weeny member; very short and very narrow.

"What can you do with THAT!?" exclaims the woman.

"Why?" he asked, "What's the matter?"

"Well," she replied, "it's nowhere near long enough. It'll never reach!"

"No problem," he said and proceeded to slap his forehead with his palm. With each slap of his forehead, his member grew until it was quite impressively long. "Well," she said. "That's quite impressive, but it's still pretty narrow."

"No problem," he said again and started pulling his ears. With each pull his member grew wider and wider until the entire measurement was extremely exciting to the woman.

"Wow!" she exclaimed as they fell into bed and made mad, passionate love. The next day the couples rejoined their normal partners and went off together.

As they walked along the Earthling male said, "Well, was it any good?"

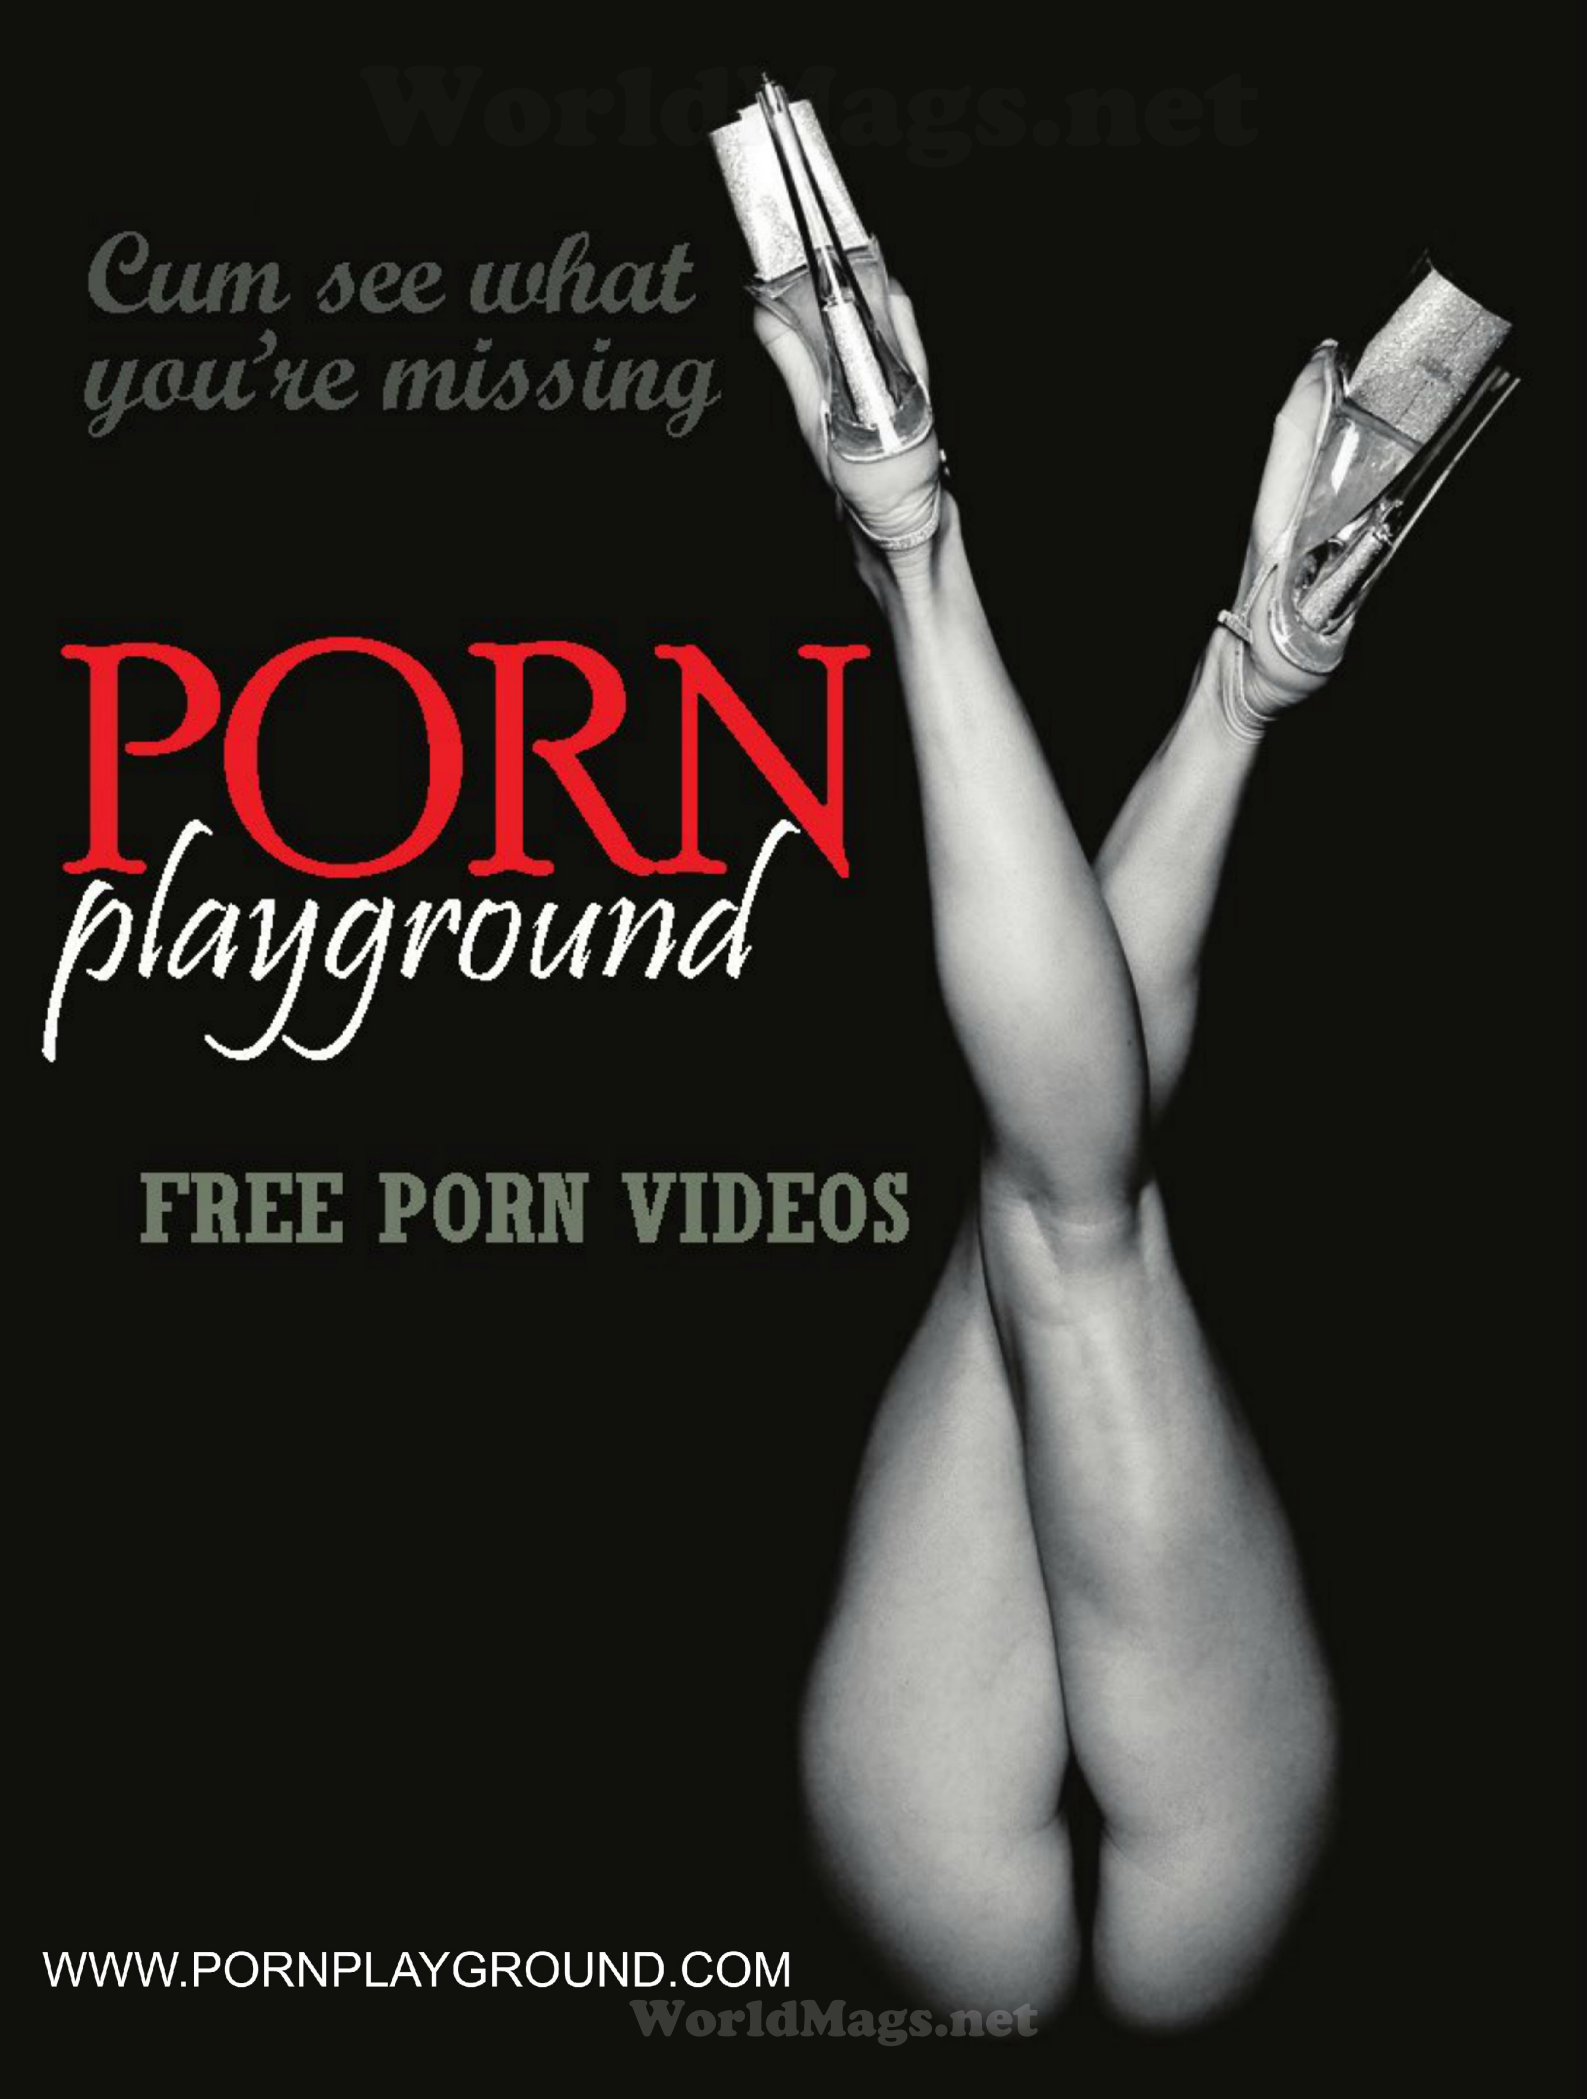

"I hate to say it," she said, "but it was really wonderful. How about you?"

"Well," he said, "It was the weirdest thing. She kept slapping me on the forehead and pulling my ears all night."
